

TECHNICAL SERVICE BULLETIN

Part #:	CRB-04062016	Engine:	5.9L 24V & 6.7L 24V Cummins
Date:	04/06/2016	Title:	Cummins with Head Studs

It will be necessary to machine the lower rocker box at the rear driver's side location to facilitate the installation of the lower rocker box if head studs are installed.
